# CommBiz

This document governs your use of CommBiz and, along with the terms of your Establishment Form, create an agreement between you and us (**Agreement**).

If you set up multiple CommBiz Services, each CommBiz Service will be separate and distinct (with a separate service ID) and have its own separate Agreement.

This Agreement:

- starts to apply from when we communicate to you or a User that we have approved your Establishment Form for the first Eligible Product you request to be linked to CommBiz, or as otherwise agreed, and
- continues to apply until terminated in accordance with this Agreement (even if you unlink all Accounts from CommBiz).

You agree that from time to time your Administrator may, on your behalf, agree to terms and conditions that apply to specific functionality or preview, beta, or other pre-release features, functionality, services or software offered by us available through CommBiz. For example, pre-release features may need to be licensed to you and your Administrators may agree to the terms and conditions of the licence on your behalf.

Capitalised words and expressions are defined in clause 15.

## Important Information

### Other terms

This Agreement is in addition to the terms and conditions for your Accounts which continue to apply to those Accounts. For example, you may be charged fees under your Account terms and conditions which are in addition to fees charged under this Agreement.

### Banking Code of Practice

The Banking Code of Practice (**Banking Code**) sets out the standards of practice and service in the Australian banking industry. The relevant provisions of the Banking Code apply to our provision of CommBiz and the Accounts accessed through CommBiz if you are an individual or a 'small business' (defined in the Banking Code). You can find the Banking Code on the website of the Australian Banking Association.

### ePayments Code

The ePayments Code does not apply to transactions using CommBiz or any other facility that is designed primarily for use by a business and established primarily for business purposes. For the avoidance of any doubt, this Agreement will not be interpreted so as to treat any facility designed primarily for use by a business and established primarily for business purposes as if the ePayments Code applies to it.

## 1. Users and features

### a. Using CommBiz

You can use CommBiz to:

- appoint and remove Users,
- manage each User's permissions and access, and
- link Eligible Products and manage Accounts.

### b. Administrators (Admin)

When you set up CommBiz, you must nominate one or more Administrators. Your Administrator(s) can then nominate additional Users using CommBiz. You must have at least one Administrator at all times.

You can change your Administrator(s) using CommBiz or by notifying us in writing that their authority has been revoked.

An Administrator can perform various functions as set out:

- at [commbank.com.au/commbiz-admin](https://commbank.com.au/commbiz-admin), for example, managing User access and creating Service Requests and Maintenance Requests, and
- in this Agreement, for example activating CommBiz Mobile access – see clause 18, and entering into pre-release features and other CommBiz-associated functionality – see the 'CommBiz' section on page 7.

Depending on the action the Administrator is seeking to perform, additional authorisation may be required by a Service Delegate, an Authoriser, or by you, to complete the action.

### c. Other User roles and permissions

User roles and permissions determine what Users can see and do using CommBiz. Users can have one or a combination of User roles. Examples of User roles and permissions are available at [commbank.com.au/commbiz-roles](https://commbank.com.au/commbiz-roles).

You can nominate Users when establishing your CommBiz Service.

You need to appoint a minimum of one User as an Authoriser for each Account in order to complete payments. Authorisers can authorise and complete payments and Maintenance Requests on Accounts for which they are assigned.

### d. Data Sharing Delegates and the Consumer Data Right

Data Sharing Delegates are appointed by holders of Accounts to share account related data (relating to those Accounts) with accredited data recipients under the Consumer Data Right (CDR), including Accounts that they hold jointly with other Account holders without the need for other Account holders to approve the appointment.

Data Sharing Delegates can give, amend and manage authorisations to share data with accredited data recipients under the CDR on behalf of each Account holder with Accounts. The CDR was introduced by the Federal Government to provide customers with rights to access specified data that relates to them (CDR data) held by organisations in designated sectors, such as banks (data holder). Where we hold an Account holder's CDR data, an Account holder via their Data Sharing Delegate, can consent to share that data with organisations accredited by the Australian Competition and Consumer Commission (accredited data recipients). To learn more, including how we handle your CDR data, read our Consumer Data Right Policy available at [commbank.com.au/cdr-policy](https://commbank.com.au/cdr-policy).

### e. You are responsible for Users

You agree that you are solely responsible for the acts and omissions of your officers, employees, agents and contractors, and all Users, including in relation to giving us Payment Instructions, Maintenance Requests and Service Requests, as though they were your acts and omissions. For this reason, you should ensure that all Users comply with all relevant obligations in this Agreement – see clause 10 for your liability for your Users.

**f. Personal information of Users (including Administrators), disclosure to regulators, government and law enforcement bodies**

Where you appoint a User or disclose their personal information to us, you acknowledge you are authorised to do so and will direct them to our Privacy Collection Notice and Group Privacy Statement available on [commbank.com.au](https://commbank.com.au) so they understand how we handle their personal information (noting the Privacy Collection Notice must be read as applying to that Administrator or User).

To the extent we require an Administrator's or User's written consent to disclose, use or otherwise handle their personal information, you must take all reasonable steps to obtain such written consent from each Administrator and User. If you obtain the Administrator's or User's written consent, you must provide a copy of the written consent to us promptly on our request. If an Administrator or User refuses to provide such written consent, you must not allow that Administrator or User to use CommBiz.

To the extent permitted by law, by applying for and/or continuing to use CommBiz, you agree that we may use and disclose information regarding you, including details about your transactions, your financial conditions, your account relationship with us and your Account(s) to any regulatory bodies, government agencies, law enforcement bodies and courts and other parties that we are authorised or required by law to disclose information to.

**g. CommBiz Generative Artificial Intelligence (GenAI) messaging feature**

You agree that your Users are permitted to use the CommBiz GenAI messaging feature (where made available to you and your Users).

The CommBiz GenAI messaging feature uses artificial intelligence (including through the use of a 'large language model' or 'LLM') to generate outputs based on User prompts. Because of the nature of artificial intelligence and the fact that it is relatively new technology, the CommBiz GenAI messaging feature may produce outputs which are inaccurate or incomplete. For this reason, we recommend that you verify the output against information found on our website.

You must not, and you must ensure that your Users do not, input personal information into the CommBiz GenAI messaging feature.

## 2. Fees and charges

### a. How fees are charged

Unless specified as being separately charged, any fees that you must pay in connection with using CommBiz are charged on the 15th day of the next month where that is a Business Day, otherwise on the next Business Day following the 15th day. On this day:

- selecting, procuring, operating and maintaining your Systems, and ensuring those Systems comply with this Agreement, including ensuring they are and remain compatible and interoperable with CommBiz,
- determining the authentication and approvals processes that occur in your Systems, including in relation to the generation and approval of any instruction, request or other message, and
- ensuring that, if your Systems incorporate any Material which is subject to a third party's intellectual property rights, complying with all licences and consents required to enable you to access and use CommBiz.

You are responsible for all activities that take place on or through your Systems, whether initiated programmatically or by Users.

### b. Your responsibility for access to, and use of, CommBiz

You are responsible for:

- ensuring that:
  - only Users access and use your Systems in connection with CommBiz, and
  - you, and your Users, comply with the Minimum Security Requirements – see clause 3 and clause 18,
- issuing login credentials to Users to use your Systems, and
- developing and managing your products and services (including providing support in respect of the use of them).

## 6. Giving Payment Instructions and other instructions

### a. Authorised Payment Instructions and other instructions (including requests and other messages)

You agree that we can treat any Payment Instruction or other instruction that uses your or a User's Means of Authentication as being made with your authority, unless you have told us to cancel that Means of Authentication before the Payment Instruction or other instruction is given.

Where CommBiz requires you or a User to print any form and return it to us, you must use the method that is specified in the form or follow the instructions provided either online or by CommBank staff. If the form appears to us, acting reasonably, to have been properly completed and signed and is sent to us using such methods, we can treat that form as correctly authorised by you. We may decline to accept the form in accordance with clause 8.

### b. Responsibility for the details of Payment Instructions and other instructions

You must ensure that all Payment Instructions and other instructions are correct and complete. This includes:

PayID® (using Fast Payment)	ensuring the PayID is correct. A variation of the PayID owner's name will be displayed before you submit the payment. We strongly recommend you check the details are correct before you submit the payment.
Payment made using BSB and account number (for example, a Direct Credit, GDES, Fast Payment or Priority Payment)	ensuring the BSB and account number are correct. For some payments made to a BSB and account number, we may use our NameCheck technology to display insights on the recipient account name you entered while making your payment. We strongly recommend you check the information entered and re-confirm the details with the intended recipient.
Direct Debit	for payments made using Direct Debit from a BSB and account number to a payee Account: ensuring the BSB and account number(s) are correct and verifying that you have the authority of the account holder.
PayTo	providing the Payment Initiator with accurate personal and business information (including BSB and account number).
All Payment Types	ensuring the timeliness and authorisation of any Payment Instructions and any details you provide to us, including the amount, account details, recipient, any payment reference numbers (such as Customer Reference Numbers for BPAY), payment date and any details for any trace account (if applicable) are accurate and correct.

® PayID is a registered trademark of NPP Australia Limited.

We are not obliged to verify the details contained in any Payment Instruction or other instruction. If you believe that you have provided incorrect details in a Payment Instruction – see clause 7(k). If you believe that you have provided incorrect details in any other instruction, contact us immediately.

### c. Valid Payment Instructions

In order for us to accept a Payment Instruction, you must give us a valid Payment Instruction (**Valid Payment Instruction**) by:

- using and formatting payment files in CommBiz in accordance with our file specifications (as varied from time to time) including in relation to CommBiz Automated,
- authorising the Payment Instruction in CommBiz, in your ERP tool using CommBiz Automated with automated authorisation or CommBiz Mobile,
- identifying the account you are paying from and paying to,
- including the amount of the payment,
- including debits and credits equal in value, and
- complying with any additional requirements for Payment Instructions for particular Payment Types (including any requirements set out in clauses 6 and 7).

If your Payment Instruction is not a Valid Payment Instruction, we may decline to accept it.

### **d. Multiple accounts**

If you provide us with a payment file with Payment Instructions affecting more than one account you are paying from or more than one account that you are paying to (including one or more accounts from which Direct Debit payments are taken from), we will process the payments in the order you specify or in the order they appear in the file.

However, if the account(s) you are paying from does not have sufficient funds available for your Payment Instruction, we will either:

- process the payments in your Payment Instruction in any order we choose, or
- not process one or more of the Payment Instructions.

This is due to system constraints having regard to the amounts of the payments you are trying to make and the funds available in your account(s).

### **e. Non CBA Payment Requests**

You can use CommBiz to make a Non CBA Payment Request to send payment instruction messages to any bank that you have authorised to receive it. To use Non CBA Payment Requests, an Administrator must first request to link the other bank's account to CommBiz – see clause 7(h).

These messages are sent and received by Swift (Society for Worldwide Interbank Financial Telecommunication). When you ask us to send a Swift message:

- you must provide the letter of authority and the other bank must accept it,
- we do not check the accuracy of messages other than to ensure that they comply with your instructions, and
- you must ensure that there is enough money in the account to cover the payment and any fees payable to the other bank.

### **f. Third Party Accounts**

You can link Third Party Accounts to CommBiz with our prior consent which, at our absolute discretion, we may refuse or impose conditions on any such consent. At any time, in our absolute discretion, we may withdraw or change the conditions of the prior consent.

You represent and warrant that, for so long as a Third Party Account is linked, you have full authority at all times to transact on each Third Party Account linked to CommBiz. You agree and acknowledge on behalf of yourself and the owner of each Third Party Account that:

- any Authoriser appointed to CommBiz in relation to the Third Party Account is authorised to have electronic access to and to transact on the Third Party Account using CommBiz,
- we are authorised to act on Payment Instructions apparently authorised by an Authoriser whether or not those Payment Instructions were properly authorised by the account holder,
- we are entitled to treat transactions on Third Party Accounts through CommBiz as being subject to this Agreement and all references in this Agreement to "you" and "your" to include the account holder of the Third Party Account,
- we may permit electronic access to the Third Party Account by any other person nominated by an Administrator that has been authorised to access the Third Party Account linked to CommBiz, and
- you have authority to make the acknowledgements and agreements on behalf of the owner of each Third Party Account.

### b. Direct Credit, GDES and Direct Debit

When you give us a Payment Instruction for a Direct Credit, GDES, or Direct Debit, you agree that the payment will be made in a way that is consistent with the Regulations and Procedures of the Bulk Electronic Clearing System published by the Australian Payments Network from time to time (whether or not the payment is processed through BECS). The Regulations and Procedures are available on the website of Australian Payments Network.

You can make a Direct Credit using your own direct credit BECS User ID (also known as an APCA ID) or a shared User ID we allocate to you.

You can receive Direct Debit payments by using the BECS User ID that we allocate to you (only if you are eligible), and have been approved by us, to receive Direct Debit payments.

When you give us a Payment Instruction for a Direct Credit, GDES or Direct Debit, you may be required to specify an account (called 'trace account' in CommBiz) for returned and rejected payments – see clause 7(l) for more information.

### c. BPAY

Your Payment Instruction for a BPAY Payment must include the following:

- Biller Code that appears on the bill or invoice,
- Customer Reference Number that appears on the bill or invoice,
- the account to take the payment from,
- payment amount, and
- payment date.

If you do not include this information in your Payment Instruction, or if any of it is inaccurate or incomplete, we are not obliged to transfer the money. We are not obliged to check the accuracy or completeness of your Payment Instructions for BPAY Payments. We may decline to process a BPAY Payment if the Biller who is to receive the payment has terminated their BPAY arrangements with their financial institution and has not entered into new BPAY arrangements with another financial institution.

You agree as follows:

<b>Stopping a BPAY Payment</b>	Once you give us a Payment Instruction to make a BPAY Payment, we will not accept a request to stop it from being made.
<b>When the wrong Biller receives a payment</b>	If a Biller receives a payment but they were not the Biller you intended to pay, this payment is not considered part or whole payment of any debt between you and the Biller you intended to pay.
<b>When a Biller cannot process a payment</b>	If a Biller advises us that a BPAY Payment cannot be processed, we will return the payment to your account. We can also assist you to make a valid BPAY Payment.
<b>Batch Entry BPAY Payments must not identify credit card Accounts</b>	If you give us a Payment Instruction for a Batch Entry BPAY Payment, the Payment Instruction must not identify credit card Accounts as the account to take the payment from.
<b>Batch Entry BPAY Payments for End Clients</b>	<p>If you give us a Payment Instruction for a Batch Entry BPAY Payment on behalf of your End Clients, you must:</p> <ul style="list-style-type: none"><li>• make any disclosures to, and obtain any consents from, those End Clients that are necessary to enable us to comply with our obligations under the BPAY Scheme rules and you to comply with your obligations under this Agreement,</li><li>• maintain a list of your End Clients, and provide it to us on request,</li><li>• maintain systems and processes which allow payment and adjustments (including credits and reversals) in relation to those End Clients to be separately identified and differentiated,</li><li>• ensure those End Clients make payments only for their own benefit and not for the benefit of a third party,</li><li>• promptly notify us if you become aware, or reasonably suspect, fraudulent or illegal activity involving payments made by those End Clients, and</li><li>• ensure that each Batch Entry BPAY Payment given on behalf of an End Client is validly authorised by that End Client.</li></ul>
<b>Mistakes or delays in processing BPAY Payments</b>	You must tell us immediately if you become aware of any delays or mistakes in processing your BPAY Payments.

## Making and receiving payments (including Cut-Off Times)

<b>Disclosure of personal information</b>	<p>When you give us a Payment Instruction for BPAY, you consent to your personal and transactional information being disclosed to:</p> <ul style="list-style-type: none"> <li>• us,</li> <li>• BPAY Pty Ltd,</li> <li>• the Billers nominated by you and their financial institutions, and</li> <li>• any agent appointed by BPAY Pty Ltd to implement the BPAY Scheme (currently Cardlink Services Limited).</li> </ul> <p>You can request access to your personal and transactional information that is held by us, or BPAY Pty Ltd or its agent, Cardlink Services Limited (or another agent as appointed from time to time).</p>
<b>Underpayments</b>	<p>You must be careful to ensure you tell us the correct amount you want to pay. If you instruct us to make a BPAY Payment and you later discover that the amount you told us to pay was less than the amount you needed to pay, you can make another BPAY Payment for the difference.</p>
<b>Consent to disclose information in recovering BPAY Payments</b>	<p>If you ask us to assist you in recovering any BPAY Payments, you consent to us disclosing any information that we reasonably need to investigate and seek the return of the payment. If you tell us that a BPAY Payment made from your account is unauthorised, you must also give us your written consent, addressed to the Biller who received the payment, allowing us to obtain from that Biller any information we reasonably need to investigate the transaction. If you do not give us this consent, the Biller may choose to not disclose to us the information we need to investigate or return the payment.</p>

### d. Priority Payment

You agree that where you give us a Payment Instruction for a Priority Payment, the payment will be made in a way that is consistent with the Regulations and Procedures of the High Value Clearing System published by the Australian Payments Network from time to time (whether or not the payment is processed through the High Value Clearing System). The Regulations and Procedures are available on the website of Australian Payments Network.

### e. PayTo

You may authorise or decline any PayTo Payment Agreement presented to you. It is your responsibility to carefully consider all details of the PayTo Payment Agreement, or DDR mandates migrated to PayTo, including but not limited to payment frequency, and to promptly action any requests.

<b>Your responsibilities</b>	<p>Subject to clause 8, we will process Payment Instructions in connection with PayTo Payment Agreements that you have authorised. You are responsible for ensuring that you have sufficient funds in your Account to meet the requirements of all your PayTo Payment Agreements and Migrated DDR Mandates.</p>
<b>Authorising a PayTo Payment Agreement</b>	<p>If you authorise a PayTo Payment Agreement or permit the creation of a Migrated DDR Mandate, you authorise us to collect, use, and store your name, account details, and any other information contained in a PayTo Payment Agreement in the Mandate Management Service (MMS). Information in the MMS may be shared with financial institutions, or payment processors for the Payment Initiator to create payment instructions, construct NPP payment messages, and enable us to make payments from your account.</p>
<b>Incorrect details</b>	<p>If you believe any details of the PayTo Payment Agreement or any proposed amendment to it are incorrect, you should decline the request and contact the Payment Initiator to send a corrected PayTo Payment Agreement (or amendment) request.</p>
<b>Unauthorised or incorrect payments</b>	<p>If you become aware of a payment being made from your account, that is not permitted under the terms of your PayTo Payment Agreement or Migrated DDR Mandate or that was not authorised by you, please contact us as soon as possible to submit a claim.</p>

## Making and receiving payments (including Cut-Off Times)

<b>Migrated DDR Mandates</b>	<p>Payment Initiators who have existing DDRs with their customers may establish PayTo Payment Agreements for these, as Migrated DDR Mandates, in order to process payments via the NPP rather than BECS.</p> <p>If you have an existing DDR with a Payment Initiator, you may be notified by them that future payments will be processed from your account under PayTo as a PayTo Payment Agreement. If you do not consent to the variation of the DDR, you must advise the Payment Initiator.</p> <p>You may amend, pause (and resume), cancel or transfer your Migrated DDR Mandates, or receive notice of this. We are not obliged to provide notice of a Migrated DDR Mandate to you for you to approve or decline and we will process instructions received from a payment recipient on the basis of a Migrated DDR Mandate.</p>
<b>Notifications</b>	<p>We will send you notification(s) for PayTo Payment Agreements or Migrated DDR Mandates we receive and any proposed changes to these as requested by Payment Initiators or by us. It is your responsibility to action the request.</p> <p>You must promptly respond to any notification that you receive from us from time to time regarding confirming, pausing or cancelling of a PayTo Payment Agreement or Migrated DDR Mandate for misuse, fraud or for any other reason.</p>
<b>PayTo Payment Agreement maintenance</b>	<p>Your PayTo Payment Agreement may be cancelled, paused and/or resumed at any time by you. You can also amend your linked account details with another eligible Account. PayTo Payment Agreements can also be amended, withdrawn, cancelled, paused and/or resumed by the Payment Initiator from time to time.</p> <p>We may monitor your PayTo Payment Agreements or Migrated DDR Mandates for misuse, fraud and security reasons. You acknowledge and consent to us pausing or cancelling all or some of your PayTo Payment Agreements or Migrated DDR Mandates if we reasonably suspect misuse, fraud or there to be security related risks.</p>
<b>Mandate Management Service</b>	<p>The Payment Initiator is responsible for recording the PayTo Payment Agreement and any variations thereto in the MMS. PayTo Payment Agreements must be recorded in the MMS in order for NPP payments to be processed in accordance with them.</p> <p>The Mandate Management Service will notify us of the creation of any PayTo Payment Agreement established using your Account or PayID details. We will keep accurate records of all information provided for PayTo Payment Agreements or Migrated DDR Mandates in the MMS.</p>
<b>Paused PayTo Payment Agreements</b>	<p>We will not process any Payment Instructions under a paused PayTo Payment Agreement.</p>

### f. International Payments

You agree that:

- we are not responsible for paying the transferred money to the recipient – the recipient's bank (whether in Australia or overseas) and correspondent banks in the chain are responsible,
- we are not responsible for the time it takes for the recipient to receive the money,
- unless you have booked a foreign exchange rate, we are not responsible for the conversion into the recipient's bank account's currency,
- we may have to use the services of intermediary banks other than the ones you request, and
- we will need to transfer certain personal information (such as your name and address and the name and address of the recipient) and BSB and account numbers outside of Australia.

If you ask us to assist you in making enquiries to the recipient's bank or correspondent banks about an International Payment, this is at your own cost.

### g. Foreign currency exchange rates and Cut-Off Times for International Payments

You can view our current exchange rates by logging in to CommBiz or visiting our website [commbank.com.au/fxrates](https://commbank.com.au/fxrates). The displayed rates are indicative only. The exchange rate that will be used for a Foreign Currency Payment is determined when the Payment Instruction is authorised (this will show in CommBiz as "Authorised") and this is the rate provided on the receipt.

Transactions will not be submitted for processing if they are not fully authorised before the relevant Cut-Off Times (visit [commbank.com.au/cut-off-times](https://commbank.com.au/cut-off-times) for International Payment Cut-Off Times). In the event that a Payment Instruction is rejected or not submitted for processing (e.g. due to insufficient funds), then the exchange rate determined at the time of authorisation will no longer be applicable.

## **h. Non CBA Payment Requests**

You can only give us Non CBA Payment Request instructions using CommBiz for an account you hold with a financial institution that has agreed to receive these instructions from us and we have agreed to allow this functionality.

## **i. Processing payments and when they are usually available**

Subject to clause 8, we will generally process any Valid Payment Instructions in accordance with the applicable Cut-Off Times (subject to your Account having sufficient funds or limits). Cut-Off Times depend on the applicable Payment Type(s). As we change these from time to time, you can access our current Cut-Off Times at [commbank.com.au/cut-off-times](https://commbank.com.au/cut-off-times).

We will generally process Valid Payment Instructions:

- received before the relevant Cut-Off Time on a Business Day, on the day we receive the Valid Payment Instruction, and
- received after the relevant Cut-Off Time (or on a day that is not a Business Day), on the next Business Day.

In some cases, payments authorised in the first 90 minutes of a day (Sydney time) may display in your transaction history with the previous day's date. Where this occurs, the date on which we consider payments to have been performed may be shown as the "value date" on your account statement.

The webpage above which shows the Cut-Off Times, also shows when payments made for the different Payment Types are usually available. However, there may be delays with the availability of payments due to the payment schemes, the receiving bank, correspondent banks (if any) and other factors which we cannot control.

## **j. Future dated (scheduled) payments**

Future dated Payment Instructions using CommBiz can be cancelled by you before the scheduled payment date (Sydney time), and, in some circumstances, for a short time on the day it is due to be made.

If a Payment Instruction for a future dated payment is authorised by any User who, on the scheduled payment date, is no longer authorised, our systems may process that payment on the scheduled payment date but, in some instances, our systems may require refreshed authorisation on the scheduled payment day. For this reason, when changing or removing a User's permissions, we recommend that you check for any future dated Payment Instructions associated with the User.

## **k. Mistaken, incorrect and unauthorised payments**

You must tell us immediately if you:

- give us a Payment Instruction by mistake, in error, or with incorrect details (including the amount or the recipient),
- think that you or a User has been fraudulently induced into giving us a Payment Instruction, or
- have reason to believe that an unauthorised payment was made using CommBiz.

This includes mistaken, unauthorised and fraudulent BPAY Payments.

If you notify us that a payment has been made by mistake, in error, with incorrect details, or is unauthorised, and you ask for our assistance, we will try to assist you by doing the following (but we may not be able to recover any payments including BPAY Payments):

- we will take reasonable steps to assist you with recovering the funds that were paid. For example, we may do this by requesting that the recipient bank or financial institution seek consent from the recipient for the return of the funds,
- if we are unable to recover the funds, we will notify you. For example, this may occur if we are notified by the recipient bank or financial institution that the recipient does not consent to the return of the funds, and
- if some or all of the amount of the payment is returned to us, we will pay the amount received to the account from which the payment was made, or another account that has been nominated by you for returning payments except for International Payments. For International Payments, we will pay the funds in accordance with the process described for International Payments in clause 7(l) below.

Fees and charges may apply if you ask for our assistance – see clause 2.

## I. Returned or rejected payments

A payment may be returned or rejected (in whole or part) if any party connected with or having jurisdiction over the payment refuses to accept the Payment Instruction. If this occurs:

Payment Type	How we apply returned or rejected funds
International Payments	<p>we may (but are not obliged to) apply funds to a Foreign Currency Account in the same currency as the returned or rejected payment (if you have one). Otherwise, we will apply the funds to the Account used to fund the payment.</p> <p>If we receive the returned or rejected funds in a foreign currency and are applying it to an Account not in that same currency, we will convert the amount of the foreign currency using the applicable foreign exchange rate on the day the funds are applied to the relevant account.</p> <p>The amount of funds we apply as a result of a returned or rejected International Payment may not be the same amount as the International Payment that you made due to the deduction of fees and charges and foreign exchange conversion whether by us, the recipient bank or correspondent banks in connection with attempting to make the payment, returning or rejecting the payment, or applying the returned or rejected funds.</p>
Direct Credit and GDES	we will apply the funds to the trace account in your Payment Instruction.
Direct Debit	we will debit the funds from the trace account in your Payment Instruction.
All other Payment Types	we will apply the funds to the Account used to fund the payment, unless specified otherwise.

Fees and charges may apply to returned or rejected payments – see clause 2.

## m. Prohibited Payment Instructions

You must not give us a Payment Instruction or otherwise attempt to effect a payment:

- where it relates to a payment that is prohibited by law, or
- if you are acting as agent for a principal that has not been disclosed to us.

## 8. Our rights in relation to your use and access to CommBiz

### a. Right to cancel, suspend or restrict access or not to process instructions

Without limiting any other rights we may have, we may, in our discretion, cancel, suspend or restrict your or any User's access to CommBiz or the provision of a product or service provided to you under this Agreement.

Our rights to do this include, but are not limited to:

#### (i) Right to cancel, suspend or restrict any access to or use of CommBiz

We may in our discretion cancel, suspend or restrict your access to or use of:

- CommBiz (in whole or in part),
- any of the Payment Types accessible through CommBiz,
- transfers and/or payments to third parties or non-linked accounts, or
- any other functionality, product or service that is accessible through CommBiz.

#### (ii) Right to decline or hold transactions or instructions

Without prior notice, we may decline or hold the processing of:

- a Payment Instruction,
- a payment or transaction to or from an Account,
- a dealing, or
- particular types of Payment Instructions, payments or transactions to or from an Account, dealings or other instructions.

Any hold may apply for as long as we reasonably need to investigate the transaction. We will make reasonable attempts to contact you and resolve such matters.

When we take any action referred to in this clause 8(a), we will act fairly and reasonably towards you, including by:

- notifying you of such action if appropriate to do so, and providing you with a general reason for such action, unless we reasonably believe that giving you a reason would:
  - (1) be adverse to, or compromise, our legitimate business interests (including managing any material risk), or
  - (2) cause us to be in breach of applicable laws or regulatory requirements (including court orders or regulatory directives), and
- (if applicable) notifying you of any action you are required to take for us to lift the suspension or restriction.

### b. When we can exercise our rights

Without limiting the circumstances where we can exercise our rights under clause 8a above, we may exercise those rights (acting reasonably and fairly) if any of the following reasons apply:

- **(inactivity)** you or any User have not logged into CommBiz for six months and we suspend the User's access to safeguard your security (you may contact us within 12 months of the suspension to unsuspend a User's access),
- **(defective Payment Instructions)** a Payment Instruction or a payment file sent by you, or on your behalf, is corrupted or unclear or one or more of the Accounts specified is restricted, suspended or blocked in accordance with the terms and conditions that apply to the Account,
- **(protection from Loss – use of CommBiz)** we reasonably believe that your Account(s), CommBiz, CommBiz Mobile, your Systems or Means of Authentication or any other access method, or the Payment Type may be being used (including by third parties) unlawfully including fraudulently or as part of a possible scam or in any way that might otherwise cause you, us or another person Loss or harm,

## 10. Liability and Indemnity

### a. What you are liable for under this Agreement

#### (i) Your liability generally

Subject to this clause 10, you are liable for any Loss you suffer (including in relation to unauthorised payments) that arises from any of the following:

- A. any acts or omissions by you or any User, including when we act on any instruction or other messages sent from your Systems, or authenticated by us using your Means of Authentication as having been sent from your Systems. This includes:
  - I. instructions or other messages that are fraudulent or sent as a result of a fraud, scam or other malicious activity, and
  - II. any deficiency or error in relation to the amount, accuracy, timeliness or authorisation of any Payment Instruction, and
- B. any incorrect or mistaken payments.

#### (ii) Your liability for certain unauthorised payments

You will not be liable for Loss from an unauthorised payment to the extent that any of the following applies:

- A. the cause of the Loss is due to our negligence, fraud or wilful misconduct, or
- B. it is clear:
  - I. you and any Users did not contribute to the Loss in any way, and
  - II. you have complied with clause 3 and clause 18 and have implemented any security protections we offer to you in relation to unauthorised payments, or
- C. the unauthorised payment occurs after you notify us that the access to CommBiz has been breached, misused or compromised and the unauthorised payment is connected with that breach, misuse or compromise.

#### (iii) Your liability for certain BPAY Payments and PayTo payments

- A. **Your liability for mistaken BPAY Payments:** If we make a BPAY Payment to a person for an amount, which is not in accordance with your instructions (if any), and your Account was debited for the amount of that payment, we will credit that amount to your Account. However, if you were responsible for a mistake resulting in that payment and we cannot recover the amount of that payment from the person who received it within 20 Business Days, we can debit your Account with the amount we previously credited and we are not responsible for pursuing the person for the return of the funds.
- B. **Your liability for fraudulent BPAY Payments:** If a payment is made as a result of you being fraudulently induced into making that payment, and any other person involved in the BPAY Scheme committed, had actual knowledge of, or with reasonable diligence should have detected, the fraud, then that person should refund you the amount of the fraud-induced payment. However, if that person does not refund you the whole amount of the fraud-induced payment, you must bear the Loss.
- C. **Your liability for unauthorised BPAY Payments:** If a payment is made in accordance with a Payment Instruction, which appeared to us to be from you or made on your behalf but for which you did not give authority, we will credit your account with the amount of that unauthorised payment. This does not include a payment where the payment direction was made by you or by anybody with your knowledge or consent. Further, in all cases, you must pay us the amount of an unauthorised payment if the payment was made as a result of you not complying with our prescribed security procedures in clause 3, or clause 18.  
If we are able to recover part of the amount of that payment from the person who received it, you must only pay us the amount of that payment that we are not able to recover.
- D. **Your liability for your agreements with Payment Initiators:** We are not liable for any Loss suffered or any breach of your agreement with the Payment Initiator as a result of processing payments in accordance with a PayTo Payment Agreement authorised by you, nor for any Loss suffered or any breach of your agreement with the Payment Initiator as a result of pausing or cancelling any PayTo Payment Agreement in accordance with your instructions.

### **b. What we are not liable for under this Agreement**

#### **(i) No liability for any acts or omissions by you or any Users**

You agree that we are not liable for any Loss or inconvenience of any nature that you suffer or incur due to any acts or omissions by you, any Users or any third party's actions except to the extent the Loss arises due to our or our agent's negligence, fraud or wilful misconduct. You acknowledge that these services may rely on factors that are outside our control. However, we will use reasonable endeavours to overcome any fault or problem in the services we provide to you as quickly as possible.

Subject to clause 10(b) (iv) below, we do not guarantee the availability of CommBiz and will not be liable to you, nor be in default under this Agreement, for any Loss, business interruption or inconvenience of any nature arising from:

- A. the unavailability of CommBiz, including without limitation any impact on the level of functionality or service available via CommBiz arising from the testing and implementation of any preparedness, preventative or incident response measures to avoid or minimise the impact of potential or actual disruptions to our critical business operations and CommBiz (whether such disruption has occurred),
- B. any failure or delay in:
  - I. restoring the availability of CommBiz (or any part thereof) to a level of service, or
  - II. recovering access to data via CommBiz, within a specific timeframe (including any adjustment of recovery objectives and priorities) following a disruption, and
- C. any failure or delay in the performance of any obligations under this Agreement, including any direct Loss or Consequential Loss, to the extent that failure or delay is caused by any circumstances beyond our reasonable control so long as the failure or delay could not have been prevented by reasonable precautions, or could not have reasonably been circumvented by us by means of alternate sources, workarounds or other means.

Disruptions to the operations and systems of other financial institutions may also delay payments to or from your Accounts. We cannot control the operations and systems of other institutions, and we are not liable to you for any Loss from disruptions to the operations or systems of those institutions.

#### **(iii) No liability for restrictions, suspensions or terminations under this Agreement**

Without limiting our liability to account to you for any amounts we receive on your account, and except to the extent caused by our or our agents' negligence, fraud or wilful misconduct, we will not be liable for any Loss or inconvenience you suffer or incur as a result of us doing any of the following under this Agreement:

- A. us exercising our rights under clauses 8 or 9, and
- B. terminating this Agreement.

If we breach any such a warranty or guarantee, to the extent permitted by the relevant Act or legislation, our liability is limited to either supplying the services again or paying the cost of having the services supplied again.

### (v) Statutory protections unaffected

Nothing in this Agreement is intended to exclude our liability or your rights under or impose any obligations on you that are inconsistent with or contrary to, any statutory protections or mandatory or voluntary codes of conduct that apply including those intended to protect consumers or small businesses.

Any provisions of this Agreement are to be interpreted so that any applicable statutory protections or codes prevail to the extent of any inconsistency.

### c. No liability for information provided through third-party communication systems

If you use third-party communications system (including ERP) to communicate with us, we are not liable to you for any Loss incurred or suffered by you where we have acted in good faith on such information from your third parties including but not limited to Loss arising from information provided relating to the amount, accuracy, timeliness or authorisation of any Payment Instructions, any Consequential Loss or delays in payments to the payment recipient.

If any information in connection with automated payments or reporting is provided to us or from us through an ERP system or other third-party communications used by you, we are not liable.

### d. No liability for Consequential Loss

Unless otherwise specified, neither party is liable to the other party for and no measure of damages will, under any circumstances, include any: Consequential Loss, incidental or punitive damages, whether in contract, tort (including without limitation in negligence), in equity, under statute, under an indemnity, based on fundamental breach or breach of a fundamental term or on any other basis, whether or not such Loss was foreseeable and even if advised of the possibility of the Loss. This clause 10(d) does not apply in relation to the indemnity under clause 10(e) below.

### e. Indemnity

Subject to clauses 10(a) and 10(b) above, you indemnify us, our agents, suppliers and our contractors (each an **Indemnified Person**) against any Loss (including Consequential Loss) that may be reasonably and directly suffered or incurred resulting from or arising out of:

- A. us taking any action under clauses 8 or 9,

- E. all claims, demands and Losses by the holder or beneficial owner of any linked Third Party Accounts.

However, you are not obliged to indemnify any Indemnified Person to the extent that any Loss is suffered or incurred as a result of the negligence, fraud or wilful misconduct of an Indemnified Person (or their agent).

To the extent that this indemnity benefits an Indemnified Person that is not us, you acknowledge that we hold the benefit of the indemnity on trust for the Indemnified Person and may enforce this indemnity on behalf of any of those persons.

## 11. Communicating with each other

### a. Marketing and commercial messages

If you provide us with contact details (such as email and telephone number) and other personal information, you agree that we may use them to communicate with you (unless you tell us not to), including:

- to send commercial electronic messages,
- for direct marketing purposes, and
- to make phone calls to you on an ongoing basis.

By registering or accessing for online services (such as CommBiz) or accessing CommBank applications (such as CommBiz Mobile), you also agree that (unless you tell us not to) we may send commercial electronic messages and/or direct marketing through these online services and apps (including push notifications, in-app messages and notifications, or messages to the CommBiz inbox).

If a virtual assistant that is available in CommBiz or CommBiz Mobile is used, you agree that the virtual assistant may send commercial electronic messages or direct marketing in its responses to the prompts submitted to the assistant.

We may use third party service providers such as marketing companies or mail houses to send messages on our behalf for direct marketing purposes. You agree that (unless you tell us not to) we may share your personal information with marketing companies or mail houses so they can send direct marketing messages on our behalf.

If you provide us with contact details or other personal information of other persons (such as Administrators or Users), you acknowledge that:

- you have provided those persons with a copy of our Privacy Collection Notice and Group Privacy Statement, and
- you have obtained the consent of each person for us to collect, hold, use and disclose their personal information in the same manner as described in this clause 11(a).

### Changing your preferences

We will provide you with options you may use to opt out of receiving commercial electronic messages we send you and to choose the way we send them. While in some cases one of the options may be an unsubscribe facility, you agree we are not required to include an unsubscribe facility in commercial electronic messages we send you.

**Opting out of commercial electronic messages may impact our ability to provide you with information about all the benefits that are available. There are, however, messages that we must be able to send you and which you will not be able to opt out of receiving.**

### b. How we can communicate with you

Unless otherwise specified, we can give you notices or otherwise communicate with you (and any Users you nominate) (including by electronic means) by:

- making the information available on the CommBank website or the CommBiz website and sending you an electronic notification (e.g. email, SMS message or push notification) that the information is available,
- advertising in the national or local media, or
- any other means we agree with you.

However, to the extent that we are obliged under law to communicate with you in a certain way, we will do so.

We record that you received an electronic notice on the day that our notification enters the first external information system, such as the server of the relevant email address. Even if we normally provide statements or notices in one of the methods provided above, we may occasionally send you a statement or notice by another method described above instead – for example, if we are unable to provide the information via the first channel.

Where we provide notice by advertising in the national or local media, that notice will take effect on the day the advertisement appears in the media, unless a later date is set out in the notice.

### c. How you can communicate with us

You and any User can communicate with us and notify us using the details in the cover page or via web chat. Depending on the reason for contacting us, we may require that you or a specific User contacts us to resolve your request.

### d. Alerts

Your Administrator may allow Users to elect to receive notifications, alerts and reminders by SMS or email ('alerts').

If you or your Administrator provides us with your or a User's mobile phone number, we may use that phone number to contact you or the User via SMS or phone call to confirm or send confirmation of Payment Instructions submitted via CommBiz.

We may suspend the sending of alerts to Users at any time where we reasonably believe it is in your or our interest to do so or if we cannot send alerts (such as technical faults beyond our control or maintenance).

You agree that email and SMS are not secure and the content of alerts, which could include personal information such as account details, could therefore be viewed by unauthorised persons.

Users must update their message preferences if they change their email address or mobile phone number and must disable alerts if they choose to cease receiving alerts.

## 20. ATM Deposit Codes

**Please note: ATM Deposit Codes will no longer be available from 6 August 2025.**

An ATM Deposit Code is a code you can create, modify and delete at any time in CommBiz, which can be used – when the code is scanned at selected CommBank ATMs with Instant Deposit – to make cash, cheque or coin deposits into your Accounts.

Your ATM Deposit Code can be used by anyone who has your code to make cash, cheque or coin deposits at any Commonwealth Bank Instant Deposit ATM. Once you or a depositor inserts notes, cheques or coins, the funds are credited in real-time to your Account (but noting cheques are still subject to existing clearing process).

By creating an ATM Deposit Code and providing this information to a third party, you acknowledge that you are effectively granting the third party authority to deposit funds into the eligible Commonwealth Bank account(s) linked by you when you set up the code, at any CommBank ATM with Instant Deposit. This authority remains in effect until the code is deleted.

There are limits on the number of codes that you can have attached to any one account at any one time as well as limits on the number of times the codes can be used per day. To find out more, visit the Commonwealth Bank website or [commbank.com.au/digital-banking/commbank-atms.html](https://commbank.com.au/digital-banking/commbank-atms.html).

By using this service, you acknowledge that you are fully responsible for the administration (including the setup and deletion) of the ATM Deposit Code using CommBiz, as well as the distribution of the code to any third parties.

We reserve the right to suspend, limit, or terminate your ATM Deposit Code functionality without notice at any time, e.g. if we suspect your Account is being misused.

By using this service, you also acknowledge that we do not guarantee the reliability of the ATM Deposit Code functionality and that the service may be impacted by IT outages or system failures from time to time.
